2 First Reading of Ordinance 15-05, an ordinance to amend Zoning Ordinance Article VI, Section 10 Parking and Storage of Certain Vehicles. (Terry Emerick, Director of Planning and Economic Development)

Mr. Emerick explained that this amendment will clarify that any trailer has to be stored behind the front grade of a house. Currently, the ordinance states that recreational trailers need to be stored behind the front grade, and this change would include all trailers.

The Planning Commission gave a favorable recommendation for this ordinance amendment.

RESULT:	APPROVED ON FIRST READING [UNANIMOUS] Next: 11/10/2015 7:00 PM
MOVER:	Jack Young, Vice Mayor
SECONDER:	Bobby Simmons, Alderman
AYES:	Pleasant, Elliott, Parsons, Simmons, Young, Sedgwick

3 First Reading of Ordinance 15-06, an ordinance to amend Zoning Ordinance Article VI, Section 12(B) Off-street parking and loading space requirements. (Terry Emerick, Director of Planning and Economic Development)

Mr. Emerick explained that this amendment would give the Planning Commission discretion in approving the number of parking spaces during site plan approval. Currently, the ordinance has broad categories of uses with specific parking ratios. With the wide variety of uses, this amendment will give the Planning Commission some discretion to determine the appropriate number of parking spaces for a specific business.

Under the current ordinance, if a business wants to change the number of designated parking spaces, it has to complete a separate request to be heard by the Board of Zoning Appeals.

Alderman Simmons asked if this change will allow for fewer obstacles for businesses. Mr. Emerick stated that upon presentation of sufficient evidence during site plan review, the Planning Commission could change the minimum number of required parking spaces, preventing the need to go before another Board with another request.

RESULT:	APPROVED ON FIRST READING [UNANIMOUS] Next: 11/10/2015 7:00 PM
MOVER:	Jack Young, Vice Mayor
SECONDER:	Emily Elliott, Alderman
AYES:	Pleasant, Elliott, Parsons, Simmons, Young, Sedgwick

OPEN DISCUSSION

Alderman Elliott asked about the estimated time frame the traffic signal at the Memphis-Arlington and Altruria intersection would be installed. Director of Engineering Rick McClanahan guessed between five and six months. He said he will give a better estimate after the pre-construction meeting.

Alderman Simmons asked with the Bartlett Road Bridge would be open. Mr. McClanahan estimated a couple of weeks, due to rain delays.

Ordinance 15-06, an ordinance to amend Zoning Ordinance Article VI, Section 12(B) Off-street parking and loading space requirements.

WHEREAS, the Board of Mayor and Aldermen of the City of Bartlett, Tennessee, desire to amend Zoning Ordinance Article VI. Section 12(B) Off-street Parking and Loading Space Requirements to allow the Planning Commission latitude in determining the number of minimum parking spaces; and

NOW, THEREFORE, BE IT ORDAINED by the Board of Mayor and Aldermen of the City of Bartlett, Tennessee, that Article VI. Section 12(B) of the Zoning Ordinance shall be amended as follows:

Section 1.

There shall be provided, at the time of the erections of any building or structure, off-street parking spaces, and loading spaces where required, paved with asphalt or other material, and with adequate and safe ingress and egress by an automobile in accordance with the minimum standards in the schedule below, and designed in accordance with figure [VI-12a], Parking Design Requirements. When a building or structure is enlarged or increased in capacity by adding dwelling rooms, guest rooms, floor area or seats, minimum off-street parking shall be provided for such additional rooms, floor area or seats. *The Planning Commission, at site plan approval, may establish a minimum number of required parking spaces different from those listed in Figure VI-12a Parking Design Requirements upon presentation of information by the applicant that a different number is sufficient and appropriate for that site.*

Section 2. Severability. Should any provision of this Ordinance be rendered

unconstitutional or null and void by a Court of Law, legislative act or otherwise, all other provisions of this Ordinance shall remain in full force and effect.

Section 3. Effective Date. **BE IT FURTHER ORDAINED** that this Ordinance shall take effect upon its passage on third and final reading, the public welfare requiring it.

OF COLUMBIA FLEET GROUP

Payment Terms:

1. Tennessee State Wide Contract Purchases prompt pay discount. We provide a 4% Prompt Pay discount if payment is physically received in Columbia within 30 days of delivery of vehicle to you regardless of mail date or check issue date. Purchase Order is to be issued at State Wide Contract Price.
2. Commercial Customers - terms of sale are cash on delivery to you or at the time that you pick up unit from our facility. We will not process title work or release the manufacturer's statement of origin until we receive payment in full with good funds.
3. Body builders - terms of sale are cash on delivery to your end user or no more than 60 days after the date chassis was delivered to you. We retain the rights to the chassis and any equipment mounted to it until we receive full payment in good funds. Until paid in full unit cannot be removed from your primary location unless submitted and approved by us in writing prior to movement.

All Customers - you will be responsible for any and all collection costs if we are required to seek legal assistance or third party collection for your account.

Things to Be Aware of

Order-to-delivery - CDJR of Columbia strives to have in ground stock most everything to support our contract sales. However from time to time and based on current sales trends and past sale history some models are not available for immediate delivery. If we do not have a vehicle in ground stock or as inbound stock we will order a unit for you from the respective manufacturer.

Lead Times - Order lead time varies from manufacturer to manufacturer and model to model, and occasionally an option is not available or has been placed on material hold/constrained. We try to provide the most accurate realistic lead time as possible based on current information provided to us by the respective vehicle manufacturers. We cannot guarantee a specific delivery date or be held liable for delays out of our direct control (I.E. fire, flood, acts of god, strike, rail/car carrier shortage, transportation delays, second stage manufacturer schedules, or work being completed by third party vendors / body builders.

Third Party Vendors - As a service to our valued customers we coordinate installation of requested equipment from one or many third party vendors as a convenience to our customers. All warranty, product, and installation not completed in our facility is warranted and supported by either the installing dealer or respective equipment manufacturer. We will assist in any way possible in the rare instance that an issue or problem arises in the warranty period.

Purchases Orders - Acceptance of this quotation does not constitute an order until a purchase order is accepted, or a deposit is placed with a receipt issued by Tennessee Fleet Sales or our affiliated companies. If ordering multiple units we accept multiple units on one purchase order so long as you agree to release payment as each individual unit is delivered and invoice. If you cannot split or partial pay on a purchase order we will require a separate purchase order for each unit.

Trade in Vehicles - We accept trade in vehicles on any vehicle that we sale. Please note any trade in value that is used for vehicles ordered. Requires the vehicle to be in the same physical and mechanical condition as it was at the time that appraisal is made to the vehicle. If vehicle is not in such condition adjustment to value quoted trade in value will be adjusted or trade in will be required to be repaired by the owner back to condition it was appraised in to receive quoted value.

Installation of Equipment - Vehicle manufacturers use a variety of means to provide a completed vehicle to the ultimate end user. In supplying a completed vehicle to you any and all of the below avenues may be used in completing your order.

1. Factory Order - standard equipment or item(s) ordered directly from the manufacturer, installed at assembly center, and shipped complete.
2. RPO - Regular production option(s) that are ordered directly from the manufacturer, installed at assembly center, and shipped complete.
3. RPA - Regular production accessories ordered directly from the manufacturer, shipped to dealership facility, and installed at our facility.
4. Second Stage Manufacturer - item(s) ordered directly from the manufacturer, shipped from assembly center to have specialized or complicated work done that would otherwise slow speed of assembly line down once completed, then returned to the assembly center and shipped complete.
5. DIA - Dealer installed accessory. Item(s) ordered by dealer from vehicle manufacturer, installed at dealers facility and then delivered complete to end user.
6. Up fitter - item(s) ordered by dealer, installed at vendor or dealer location, and then delivered complete to end user.
7. Ship Thru - vehicle ordered from the manufacturer, completed and then shipped to third party body builder for installation of specialized equipment. Once completed vehicle is returned to manufacturers transportation system for delivery to dealer facility.
8. Ship To - vehicle ordered from the manufacturer ship to up fitter / modification facility for completion of work then transported to dealer facility.

All of the above are standard and customary means to provide a completed vehicle to end user at the best value possible and a combination of one or more may have been used in preparing this quotation. We furnish and install a variety of equipment for our valued customers all equipment warranties are all supported by each individual component manufacturer and their respective dealer / distributor. All items are sold as is with no warranty implied by CDJR of Columbia. This does not mean there is no warranty, it means warranties are supplied, honored, and supported by respective vehicle and equipment manufacturers.

AGENDA ITEM

Design for potential detention basin near intersection of Pamela Ann and Billy Maher.

On September 11, 2014 a severe storm dropped substantial amounts of rain on the Bartlett area. As a result of this storm, Engineering has located three locations to possibly construct detention basins upstream of the Pamela Ann Drive area.

The attached proposal is from Buchart Horn to design each of these possible locations and determine which location will provide the best flood storage, if any, for the area.

The proposal is for \$16,400 or \$5,466.66 per basin. Please award this work to Buchart Horn with funding to come from Account 311.48311.772.63616, Miscellaneous Drainage.

RE: **City of Bartlett, Detention Basin Modeling
Proposal for Professional Services
BH File Number 33359-OP**

Dear Mr. McClanahan,

Buchart Horn is pleased to submit this proposal to perform detention basin modeling within the drainage area impacting the Pamela Ann Subdivision from the north.

The City has furnished documentation for the Engineer's use to complete this proposal and to perform the modeling described below. No field survey or site visit will be performed. The final deliverable will be limited to the model results issued to the client in letter format.

The subdivision is bounded by Memphis-Arlington Road, Bartlett Boulevard/Bill Maher Road, and Yale Road. A concrete channel directs the eastern branch of Harrington Creek southeasterly through the subdivision. The area is impacted by severe flooding during large, intense storms such as that which occurred in 2011.

We understand that the City would like to determine whether there is any benefit to this subdivision if stormwater is detained further up the drainage basin south of St. Elmo Road on either side of Billy Maher Road. Three potential detention areas have been identified by the City; two west of Billy Maher Road in Nesbit Park and one east of Billy Maher Road behind Nordstrom and Westridge Coves. The three basins will be modeled individually to demonstrate possible reduction of flows at the Pamela Ann Subdivision. The location of the detention basin berms within Nesbit Park will maintain a buffer from Billy Maher Road to minimize impact to roadside ditches and visual screening. The basins will be evaluated for the 25- and 100-year, 24-hour storm events. The potential flow reduction will be calculated at the northeast corner of the subdivision where the natural channel transitions to concrete. The stormwater flows from the 84-inch culvert and 48-inch pipe that enter the ditch from Bartlett Boulevard will be accounted for in the assessment. **Fee = \$16,400**

The following documents have been furnished by the City for this analysis:

- City GIS Files
- City Memorandum of 10/23/2014 - cursory drainage assessment of this area
- PDF drawings of subdivisions that drain to the ditch in the Pamela Ann Subdivision
- Select PDF drawings of drainage improvements performed by TDOT along Bartlett Boulevard / Billy Maher Road. Wade Towles noted via e-mail that that many residents were upset by the tree removal associated with the TDOT project in the vicinity of Nesbit Park. As such, Buchart Horn's assessment will maintain a buffer between the roadway and the proposed berms in the park.

NEW BUSINESS

SITE PLAN

I. Christian Life Tabernacle Church - Phase I, South side of Davies Plantation Rd approximately 620' west of Davies Manor Dr. (Roy Lamica, Allen & Hoshall Engineering)

INTRODUCTION: Mr. Emerick explained that Mr. Roy Lamica with Allen & Hoshall Engineering is requesting Planning Commission approval of a site plan for a new church. The subject property is located north of Interstate 40 on the south side of Davies Plantation Road, east of Hillman Way Drive (the location of the former Davies Manor Subdivision), within the "R-E" Residential Estate Zoning District.

BACKGROUND: The Davies Manor Subdivision was an approved subdivision with eighteen 1-acre lots. The plat for the subdivision was recorded and improvements were made to the property. On August 6, 2012, the Planning Commission approved a Special Use Permit (SUP) to allow a new church and a conceptual outline plan to include the following: sanctuary, gymnasium, softball field, two soccer fields, playground, pavilion, maintenance shed, walking path, and water retention area. A condition for SUP approval required the applicant to return to the Planning Commission for site plan approval.

DISCUSSION: The specific request by the applicant is for the approval to construct an 18,600 square foot main building and a 1,200 square foot storage building. The main building will be located at the center of the property and setback 190 feet south of Davies Plantation Road, and the storage building will be located 320 feet east of the main building and setback 250 feet south of Davies Plantation Road. Access to the site will be from three curb cuts to the existing cul-de-sac streets installed for the Davies Manor Subdivision. An existing retention pond on the west side of the property will be enlarged. The specifics of the site plan are as follows:

Site Data	
Overall Site Area:	19.55-acres
Disturbed Site Area:	3.25-acres
Proposed Building Area:	19,800 square feet
Main Building:	18,600 square feet
Storage Building:	1,200 square feet
Number of Seats in Auditorium:	432.75

Total Proposed Parking Spaces:	219 (109 Required)
Total Handicap Accessible Parking:	8 (7 Required)
Greenspace/Open space:	65%
Building Height:	1 Story

Approved with conditions of staff.

Ordinance 15-07, an ordinance to amend Title 15, Chapter 1, Section 15-134(2)(c) of the Codified Ordinances of the City of Bartlett, Tennessee to modify the penalties and fines provisions for seat belt violations per an amendment to the complimentary state law.

WHEREAS, the Board of Mayor and Aldermen of the City of Bartlett, Tennessee, desire to amend Title 15, Chapter 1, Section 15-134 (Motor Vehicles, Traffic and Parking Ordinance) to modify the fines for seat belt violations.

NOW, THEREFORE, BE IT ORDAINED by the Board of Mayor and Aldermen of the City of Bartlett, Tennessee, that Section 15-134(2)(c) of said Title and Chapter is deleted in full and replaced with the following:

Section 1. 15-134(2)(c), Violations, penalties applicability.

Violation of any provision of this section is hereby declared to be a misdemeanor. Any operator of a motor vehicle convicted of a violation hereunder involving the driver or another adult shall be fined twenty-five dollars (\$25.00) for a first violation, and fifty dollars (\$50.00) on second or subsequent violations. Any operator of a motor vehicle convicted of a violation hereunder involving a minor age 16 or 17 shall be fined twenty dollars (\$25.00). Any operator of a motor vehicle convicted of a violation involving a child between the ages of five (5) and sixteen (16), shall be fined fifty dollars (\$50.00). Any operator of a motor vehicle convicted of a violation hereunder involving a child age 4 or under shall be fined fifty dollars (\$50.00).

Section 2. Severability. Should any provision of this Ordinance be rendered unconstitutional or null and void by a Court of Law, legislative act or otherwise, all other provisions of this Ordinance shall remain in full force and effect.

Section 3. Effective Date. **BE IT FURTHER ORDAINED** that this Ordinance shall take effect January 1, 2016, the public welfare requiring it.
