Bids for demolition of two houses as part of FEMA Repetitive Loss Grant.

On October 13, 2017, an ad was placed in *The Daily News*. On November 2, 2017, the City received bids for the demolition of two houses as part of the FEMA Repetitive Loss Grant. Four contractors bid on this work and the bid tab for this project is below.

The lowest bid for the work on Thistle Valley is from Barnes & Brower for \$15,910.00, and the lowest for demolition of the home on Alfaree is from Memphis Wrecking for \$17,000.00.

Please award Barnes & Brower the bid for Thistle Valley at \$15,910.00 with funding to come from Account 131.43100.780.08917 and award Memphis Wrecking the bid for Alfaree at \$17,000.00 with funding to come from Account 131.43100.780.08901.

The Repetitive Flood Claims (RFC) grant program <<https://www.fema.gov/site-page/repetitive-flood-claims-program>> provides funding to reduce or eliminate the long-term risk of flood damage to structures insured under the National Flood Insurance Program (NFIP) that have had one or more claim payments for flood damages. It was authorized in Section 1323 of the National Flood Insurance Act of 1968, as amended by the Bunning-Bereuter-Blumenauer Flood Insurance Reform Act of 2004.

RFC funds may only be used to mitigate structures that are located within a state or community that is participating in the NFIP that cannot meet the requirements of the Flood Mitigation Assistance (FMA) program because they cannot provide the non-federal cost share, or do not have the capacity to manage the activities.

The long-term goal of the RFC grant program is to reduce or eliminate the number reoccurring flood insurance claims, through mitigation activities that are in the best interest of the National Flood Insurance Fund (NFIF).

The RFC program provides property owners who are not eligible for FMA funds with an opportunity to mitigate future losses to their property. The RFC grants are awarded to applicants on a nationwide basis without reference to state allocations, quotas, or other formula-based allocations.

Thank you for your consideration.
