- 2 Appeal of the Design Review Commission's decision regarding signage for Farrell Calhoun located at 6810 Summer Avenue. (Terry Emerick, Director of Planning and Economic Development)**

Mr. Emerick explained that Ferrell Calhoun had a lighted, box sign installed without a permit or Design Review Commission approval. The sign replaced a canopy sign that had been in place at least 15 years. The new sign is 112 square feet, and City ordinance 14-448 only allows 100 square feet.

The Design Review Commission cannot approve a sign that does not comply with the sign ordinance.

Stephanie Williams, Williams Sign Company at 1399 Thomas Street in Memphis, confirmed that her company did install the sign. She apologized for not obtaining a permit.

Mayor McDonald said that this company has done business in Bartlett for a long time, so Mrs. Williams had to have known she needed a permit and Design Review Commission approval prior to installing a sign. The Board recently overhauled the City's sign ordinance granting more leeway to businesses. The Mayor said if the Board allows Farrell Calhoun to keep the oversized sign, it will set a precedent.

Mrs. Williams pointed out that the copy and graphics are only 70 square feet.

Mayor McDonald asked Deputy Director of Planning Kim Taylor if sign measurements only include graphics and text. Ms. Taylor explained that when a business installs a box sign, the entire surface of the sign is measured.

Alderman Elliott noted that Mrs. Williams could've saved herself this trouble, if she had spoken with the Planning Department prior to installing the sign. She could've received administrative approval if the sign had been 100 square feet.

Kelly O'Neal, owner of Farrell Calhoun, said he is also upset with Mrs. Williams.

Ms. Taylor explained that the canopy that the lighted box sign replaced was larger than the new sign, but only the copy is measured on canopy signs.

Mrs. Williams tried to argue that the lighted box sign is smaller than the canopy sign it replaced, so the Board could approve it as special circumstance.

Mayor McDonald said the fact that she forgot to get permission is not an exceptional circumstance.

After reviewing images of the new and old sign on the building, Mayor McDonald proposed that since it appears that the new sign and copy of the old sign are the same size and the new sign looks better that it might be okay to allow.

City Attorney Ed McKenney said the Board will set a precedent regardless of what decision it makes. He said he could probably defend the Mayor's proposal.

Vice Mayor Young said the City went through a lot of work to redo the sign ordinance, and he has a problem with allowing a variance because the sign company forgot to get permission.

Alderman Simmons moved to overturn the Design Review Commission's decision and allow Farrell Calhoun to keep the 112 square foot lighted box sign.

Mr. Dick Phebus
 Director of Finance
 City of Bartlett
 6400 Stage Road
 Bartlett, Tennessee 38134

Mr. Phebus,

Per our conversation last Friday at the School District's office, we would like to amend the contract to audit the City for FY2015 to include the audit of the special revenue fund representing the School District, as well as, the additional audit procedures related to the federal programs of the School District for an additional \$15,000 and \$4,000, respectively.

As we discussed, the District's operations will be presented as a major fund in the City's audited financial statements and the federal grant activity of the District will be included in the City's Schedule of Expenditures of Federal Awards.

In our conversation with the Superintendent and Chief Financial Officer of the District, it was noted that this amendment would be more cost effective than if the District had a separate independent audit with separately issued financial statements.

With the District's budget being almost twice that of the City's general fund, we believe the requested amended fees are reasonable under the circumstances.

Upon approval of our proposed amendment, please notify me so we may proceed with preparing the State Contract to Audit.

Please contact me with any questions or concerns.

Sincerely,

 A handwritten signature in black ink, appearing to read "Jeffrey L. Thomason".

H.2 The Contractor agrees that said work shall be prosecuted regularly, diligently, and uninterruptedly at such rate of progress as will insure full completion thereof within the time specified. It is expressly understood and agreed, by and between the Contractor and the Owner, that the time for the completion of the work described herein is a reasonable time for the completion of the same, taking into consideration the average climatic range and usual industrial conditions prevailing in this locality. If the said Contractor shall neglect, fail or refuse to complete the work within the time herein specified, or any proper extension thereof granted by the Owner, then the Contractor does hereby agree, as a part consideration for the awarding of this contract, to pay to the Owner the amount of Fifty Dollars (\$50.00) per day, not as a penalty but as liquidated damages for such breach of contract as hereinafter set forth, for each and every calendar day that the Contractor shall be in default after the time stipulated in the contract for completing the work.

J.2 In preparing estimates, the material delivered on the site and preparatory work done may be taken into consideration.

J.3 All material and work covered by partial payments made shall thereupon become the sole property of the Owner, but this provision shall not be construed as relieving the Contractor from the sole responsibility for the care and protection of materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the Owner to require the fulfillment of all of the terms of the contract.

J.4 Owner's Right to Withhold Certain Amounts and Make Application Thereof: The Contractor agrees that he will indemnify and save the Owner harmless from all claims growing out of the lawful demands of subcontractors, laborers, workmen, mechanics, arterial men, and furnishers of machinery and parts thereof, equipment, power tools, and supplies, including commissary, incurred in the furtherance of the performance of this contract. The contractor shall, at the Owner's request, furnish satisfactory evidence that all obligations of the nature hereinabove designated have been paid, discharged, or waived. In paying any unpaid bills of the Contractor, the Owner shall be deemed the agent of the Contractor, and any payment so made by the Owner shall be considered as a payment made under the contract by the Owner to the Contractor and the Owner shall not be liable to the Contractor for any such payments made in good faith.

(a) The Contractor may utilize the services of specialty subcontractors on those parts of the work which, under normal contracting practices, are performed by specialty subcontractors.

(b) The Contractor shall not award any work to any subcontractor without prior written approval of the Owner, which approval will not be given until the Contractor submits to the Owner a written statement concerning the proposed award to the subcontractor, which statement shall contain such information as the Owner may require.

(c) The Contractor shall be as fully responsible to the Owner for the acts and omissions of his subcontractors, and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by him.

(d) The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the work to bind subcontractors to the Contractor by the terms of the General Conditions and other contract documents insofar as applicable to the work of subcontractors and to give the Contractor the same power as regards terminating any subcontract that the Owner may exercise over the Contractor under any provision of the contract documents.

(e) Nothing contained in this contract shall create any contractual relation between any subcontractor and the Owner.

M. FINAL ACCEPTANCE AND WARRANTY PERIOD

No payment, however, final or otherwise shall operate to release the Contractor or his sureties from any obligations under this contract or the Performance and Payment Bond. RE: City of Bartlett - FY 2015-1-2015 ADA and Exterior Renovations – W J Freeman Park Restrooms

Dear **Mr. Towles**,

Seven general contractor bids for the above referenced project were received at Bartlett City Hall and then opened and publicly read on February 12, 2015 beginning at 2 pm. The apparent low bidder is Viktorhall Construction, llc of Memphis, TN with a BASE BID of \$204,000.00 and \$18,000.00 total for Additive Alternates No. 1, 2 and 3. Therefore, Viktorhall's total Bid Amount with the three Alternates equals \$222,000.00. The bid from Viktorhall is under the Bid Target and is the undisputed low no matter whether just for Base Bid or for Base plus Alternates. I have reviewed Viktorhall's bid and discussed same with their Owner and they are anxious to get started as soon as possible. As well, I have past experience with this company and this experience was outstanding. I find that their bid is in order and, therefore, I recommend that Viktorhall Construction, llc of Memphis, TN be awarded a construction contract in the amount of \$222,000.00 for **ADA and Exterior Renovations – W J Freeman Park Restrooms**.

Should you have any questions, please do not hesitate to contact me.

Thank you.

Sincerely,

Ross Witt, PLLC
